

## Forest Education Foundation

The stories behind our trees

# INDUSTRY MORNING TEA

The Forest Education Foundation invites you to join us to celebrate the success of our ongoing partnership with the **Hagley Farm School Agricultural Learning Centre** and the forest industries to develop the **Trees on Farms** program - providing authentic learning opportunities for primary and secondary students.

This project demonstrates what can be achieved when industry and education come together to explore the multiple benefits of trees in our landscapes - contributing to a dynamic and innovative forest industry of the future.

**Come along for morning tea and find out more about this project, and the opportunities for getting involved with this and our other education projects.**

**FRIDAY  
5 MAY  
11AM**
